

"The God who wants Us - Lessons from Jonah #2" Jonah 1:17-2:10, 2 Timothy 3:16

1. One lesson Jonah learned was that he "was a rebel, but he wasn't rejected". Have you ever faced rejection before and what was the feeling like? In the light of the love of God, how are we to handle rejection?

2. "Holistic currency" - Repentance in lifestyle goes below the surface, it does more than make you feel better. Can you recall what Jonah learned about this (look at the verses again)? How can we ensure we build up this currency in the easy times, ready for the storms? What has been your experience of this?

3. "Don't let your seeming failures shout back at you. "I" God wants to bring us to the place where we think the same as he does." How easily do we listen those accusing voices? How can we listen to God's voice and see His perspective when we are in that place, remembering how difficult it can be? Pray for each other after discussing.
