

## The Unstoppable Church. Acts 17: 16-34; Heb 10:8

1. During the message on Sunday, Steve listed some examples of gods/ objects of worship in our current age.

- Can you relate to any of the ones he mentioned? - Can you think of any others?

- How can we tell the difference between enjoying good or neutral things, and them becoming objects of worship?

2. Steve helped us understand that Self is at the core of so much of our society; what might we do to ensure this does not seep into our own lives as God's people?

3. Just as Paul showed the people of Athens the true God, how might we do the same with our friends and family? What hinders this?
