

CAP Sunday 2017 ~ Growth Group notes
Tony O'Brien 15/10/17

1. Tony shared stories of both natural and supernatural help for other people. What stories do you have?
2. Look at Matt 26.11 (and the surrounding verses) and then Deut 15.11 - discuss the implications and who these people might be in our neighbourhood and streets.
3. Mark 4.35-41 - mental health has a direct correlation with debt and poverty. Talk about the video we watched, and about this passage, and how Jesus makes such a profound difference when He speaks out.
4. Finish with praying for:
 - Opportunities to share both natural and supernatural help
 - People in need that God has placed on your hearts
 - For boldness to DO something about it
